

JustPerform

Your All-in-One Financial Performance Companion

Finance teams deserve tools that work for them, not against them. Endless spreadsheets, clunky systems, and complicated setups shouldn't stand in the way of getting things done. With JustPerform, you can finally hit the ground running. Forget the stress of manual processes and overly technical systems—it's time to take control and focus on what matters.

Fast, Accurate and Auditable

From an easy setup to real-time data and simple tools, everything is designed to get you creating accurate, trustworthy reports right away. No stress, no guesswork—just a smarter way to work that lets you focus on what matters most.

› **Designed With Your Needs in Mind:**

With powerful process modeling tools, JustPerform makes it easy to map out and streamline your financial consolidation, so everything works the way you need it to.

› **Stress-Free Data Preparation:** No more headaches over data—you can rely on automated importing, mapping, and transformation to get everything ready to go without breaking a sweat.

› **Total Transparency:** Track everything with detailed authorization and event logs. Every step is crystal clear, giving you and your team complete peace of mind.

› **Connecting is Easy and Fast:** It's simple to bring in data from over 80 sources. JustPerform's ready-to-go integrations make the process smooth and effortless.

› **Compliance Simplified:** Our financial consolidation pro app contains an extensive repository of IFRS/Multi-GAAP compliant scenarios.

› **Ease of Use:** Step-by-step guidance and straight-forward workflows mean anyone can pick it up quickly. Your team will feel confident from the start.

› **Built for Finance:** JustPerform puts the power in your hands. Detailed workflows walk you through every step, so you're always in control of the process.

› **Smart Automations:** Automate those time-consuming tasks like intercompany eliminations or currency conversions—no coding required. It's quicker, simpler, and smarter.

› **Close Faster:** Save time with pre-built scenarios, automated data transformations, and ready-to-use reports. You'll speed through close cycles and focus on what really matters.

5 Simple Steps to Operationalize Financial Consolidation

1. Kickstart With Consolidation Pro App

Take a look at the pre-built IFRS and Multi-GAAP scenarios in JustPerform. Pick the ones that make the most sense for your business—you've got plenty of options to choose from!

2. Define Enterprise Structure

Easily shape your reporting structure, hierarchies, and master data by updating the smart, auto-generated enterprise structure. It's quick, intuitive, and ready to go.

3. Collect & Enrich Data

Connect your systems in no time. With over 80 out-of-the-box source connectors—and a purpose-built Microsoft 365 Connector—you can pull in data from all your sources hassle-free.

4. Adopt & Update Business Rules

Get things up and running fast using our no-code business rule library. It's simple, user-friendly, and designed to make data transformation for financial consolidation a breeze.

5. Consolidate & Report

With built-in, audit-ready reports and tools, you can confidently consolidate your results and share them—backed by trusted, compliant reporting practices.

"JustPerform has proven to be robust consolidation software for us. It enables us to close our books 60% faster. If you're a growing company like us, JustPerform is a go-to platform for your consolidation."

– Liek Han Bong, Group Controller, Finance, Akribis

Simplified Collaboration, Smarter Consolidation

- › Step-by-step guidance through consolidation
- › Automatic updates to stay in sync
- › Smart tools for intercompany reconciliation
- › Simplified intercompany eliminations
- › Easy handling of ROU eliminations
- › Hassle-free allocation processes
- › Automated reclassification of accounts
