

Diligent Entity Management

A critical component of modern governance

Organisations today face multiple challenges – increasing regulation, cybersecurity threats, and more demanding stakeholders – and the stakes have never been higher in terms of fines, penalties and reputational damage. Governance needs to take it up a gear ensuring your board and leadership have actionable insight from across the whole organisation to make smart decisions, faster. Diligent and its entity management solution, Diligent Entities, offers the most comprehensive, integrated governance solutions to address these challenges.

Evolving compliance & tax regulations

- ▶ Automated compliance solutions
- ▶ Regulatory filings

Prepare for unforeseen risks

- ▶ Workflow processes
- ▶ Audit trails

Ensure data integrity

- ▶ Centralise and organise entity data and documents
- ▶ Reporting and analytics

Threats to cybersecurity

- ▶ Secure integration with Boards
- ▶ Secure collaboration

Diligent Entities enables organisations to centralise their corporate data and simplify entity management processes to ensure compliance and mitigate risks.

Build efficiencies in managing legal, tax and financial information

- ▶ Create a single source of truth for all entity and subsidiary information
- ▶ Create, customise and schedule reports

Facilitate compliance in an ever-changing regulatory environment

- ▶ Customise your workflows and add stakeholder alerts
- ▶ Leverage tools and filings that support legislative requirements

Empowers organisations to improve governance

- ▶ Ensure leadership can identify opportunities and insights
- ▶ Manage risk effectively right down to the smallest subsidiary

Diligent provides comprehensive, integrated cloud-based applications that empower the work of Modern Governance. The industry-shaping entity governance solution for legal and governance professionals and directors.
