What Airwallex can do for your business

CUSTOMER PAIN POINTS		 Airwallex SOLUTION
Disjointed banking experience	✓	Manage currencies on one screen. Create accounts and cards in minutes with AI Assistant using natural language.
Overpriced money transfers	✓	Transfer to 120+ countries via local rails, bypassing SWIFT. Pay as low as 0.2% above interbank rates for currency exchange.
Double conversion charges when collecting and transferring funds abroad	✓	Collect, transact and payout in multiple currencies with no forced conversions or transfer fees.
Unable to send and receive payments from clients digitally	✓	Get started with our Payment Links and Checkout solution. Leverage AI-driven routing to uplift online revenue across 160+ payment methods.
Credit and debit card fees	✓	Skip foreign transaction fees with Airwallex Corporate Cards. Issue virtual cards in minutes and pay overseas expenses like a local – no hidden costs, no delays.

Safety & security

Protected

We partner with multiple banks around the world to provide financial services to customers. Our banking partners are all reputable banks like DBS, JP Morgan, Standard Chartered, ANZ, and more.

Security first

Our modern infrastructure allows us to implement best-in-class security controls which are monitored 24/7 to keep your account safe.

Highest standards

Airwallex meets the highest international security standards including PCI DSS, SOC1, and SOC2 compliance, in addition to our local regulatory requirements.

Airwallex is licensed and regulated by 85+ financial regulators around the world:

Money Service Operators License No: 16-09-01929

Major Payment Institution License No: PS20200541

Major Service Business (MSB) No: 31000217304395

Authorised Electronic Money Institution (EMI) No: 900876
